# RIDER

Vocal duo Simon en Nick · hospitality and arrangements

Besides the technical side, there are a few things that make a show extra pleasant for us. These are wishes, not demands: if something isn't possible, we'll find a solution together. Everything about sound and the performance area is in our tech rider.

## ARRIVAL

- If possible, a **free parking space for one car**, close to the entrance, so we can load and unload easily.
- If possible, **one contact person** who is there when we arrive and during the show. Please send us their name and phone number in advance, and we'll call when we're almost there.

## DRESSING ROOM

- If possible, a room where we can **change** and **safely leave our things**, with a toilet nearby. A simple room with a mirror is perfectly fine.

## FOOD AND DRINKS

- If possible, **water** and **four cans of cola**: two Coke Zero and two regular.
- If possible, **free drinks at the bar** before, during and after the show.
- If possible, a small snack: **beef jerky for Simon** and **biscuits for Nick**.

## THE SHOW

- If possible, we're **briefly introduced** by a host, DJ or the organiser. We're happy to send a ready-made introduction in advance.
- Do you have a **special song or moment** in mind, such as a first dance or a song for someone's birthday? If possible, let us know two weeks in advance. During the show we're happy to take requests from our repertoire.

## PHOTOS, VIDEO AND PROMOTION

- If possible, we take our own **photos and short videos** during the show for our website and social media, tagging your venue. Have some great shots yourselves? We'd love to receive them.
- If possible, please mention us in announcements as **"Simon en Nick"** and tag us on social media (Instagram and TikTok: **@simon.en.nick**). Photos, logo and texts are in our press kit at www.simonennick.nl/en/.

Questions, or arranged differently at your venue? Email us at **info@simonennick.nl** and we'll sort it out together.
